MEMORANDUM FOR DAN KINGSLEY

FROM: Al Haig

SUBJECT: Nomination of Bromley K. Smith

I would concur in the appointment of Brom Smith as Assistant Director of OTP for International Communications and Executive Direction. He is a good executive, with a thorough knowledge of the ways of the bureaucracy and how best to exploit its resources. He has a solid foreign affairs background and his experience on the Intelsat negotiations has given him a pragmatic insight into the international aspects of communications problems.

I know nothing that would advise against his appointment to this position.
